

NEUROINFLAMMATION & AGING

Seminar

Evandro Fei Fang, PhD,
Associate Professor
University of Oslo &
Akershus University
Hospital, Norway

Hallmarks of ageing and the
linkages to premature ageing
& Alzheimer's disease

Florentia Papastefanaki, PhD
Cellular & Molecular
Neurobiology Lab - Stem Cells,
Hellenic Pasteur Institute

iPSC-Derived Models Highlight
Astrocytes as Game-Changers
in Parkinson's Disease

Aleksandra Deczkowska, PhD
Brain-Immune Communication
Lab, Institut Pasteur, Université
Paris-Cité

Immune signalling at the
choroid plexus shapes brain
function throughout life

George Garinis, PhD
Department of Biology, University
of Crete & IMBB-FORTH

Delineating the impact of
DNA damage on
Neuroinflammation
during Aging

25 May 2023

10:00 - 13:30

Hellenic Pasteur Institute
Vasilissis Sofias avenue, 127,
Athens
